MEMORANDUM FOR: Acting Director of Central Intelligence  
FROM: Executive Assistant to DCI-Designate

The Select Committee apparently feels that the CIA is not living up to the requirements established under the budget act in that it does not reflect inflation, did not show the effect of the funding level on the Agency's ability to accomplish its mission and no options were presented. The Agency, on the other hand, apparently feels that the budget projections are prepared properly in accordance with the instructions issued by OMB. Admiral Turner would like an explanation of this inconsistency.
